

## THE MIST OF POWER

Like the morning mist, Cygnus society silently incorporates itself into every particle of 18th century London society. Unlike the mist, it has a firm grip on power, as power holds wealth and they seek to own it all.

Cygnus 4 is a 6 reel, 4 rows mystic slot. It comes with rolling symbols, multiplier wilds, expanding rows, a bonus game, and a super bonus game – all packed into a potential of 50,000x bet.

**X-iter™**

X-iter™ allows players to jump straight into the action with 5 different game modes ranging from a 3x bet with more than double the chance to trigger the bonus to a 500x bet Super Bonus where multiplier symbols are also wilds.

## MULTIPLIER

Each multiplier symbol that reaches the leftmost column or the bottom row increases the active multiplier value along the multiplier pillar before it turns into a wild symbol.

## WILDS

The wild symbols substitute for any symbol except the bonus, level up, and the multiplier symbols.

**MAX  
WIN**

## LEVEL UP

A level up symbol that reaches the leftmost column or the bottom row triggers an immediate level up of the multiplier pillar. The multiplier pillar rotates one step and activates a higher scale along the multiplier pillar, and the level up symbol turns into a wild symbol.

## MAX WIN

Reaching the top of the multiplier pillar on the third level awards the max win of 50,000x your bet.

## BONUS FREE DROPS

A bonus symbol that reaches the leftmost column triggers the Free Drops Bonus game. The active multiplier is persistent during the bonus game. Additional free drops can be triggered.

### Recommended size and ratio for desktop browsers

For the optimal gaming experience, ELK Studios recommend launching the game in 1600x900 resolution. If scaling is required, use 16:9 ratio.

### Technology

ELK games uses state of the art web technologies including support for canvas and WebGL. The client detects the capabilities of the device regardless if the player is running on a desktop, tablet or mobile.

The game client will then optimize the gaming experience based on those parameters.
