

# The Cygnus Society

Millennia have passed since the first mention of the Cygnus society. Obsessed by the stars, they master the knowledge of free fall and gravity to unlock the true galactic mysteries. Once solved, it will unlock eternal riches!

Cygnus 2 is a 6 columns, 4 rows galactic slot. It comes with rolling symbols, multipliers, a bonus game, and a max potential of 50 000 x!

**X-iter™**

X-iter™ allows players to jump straight into the action with 5 different game modes ranging from a 2x bet with more than double the chance to trigger the bonus, to a 500x bet super bonus where multiplier symbols are also wilds.

## Bonus Game

A Bonus symbol that reaches the leftmost column triggers the Free Drops bonus game. Additional triggered Bonus symbol award 3 extra Free Drops.

## Multipliers

The Rising Multiplier feature is initiated when a multiplier symbol reaches the leftmost column. This increases the current active multiplier, and then the symbol turns into a wild.

## Wilds

The wild symbol substitutes for any symbol except the bonus and the multiplier symbols.

## Recommended size and ratio for desktop browsers

For the optimal gaming experience, ELK Studios recommend launching the game in 1600x900 resolution. If scaling is required, use 16:9 ratio.

## Technology

ELK games uses state of the art web technologies including support for canvas and WebGL. The client detects the capabilities of the device regardless if the player is running on a desktop, tablet or mobile.

The game client will then optimize the gaming experience based on those parameters.

# ELK Studios

## We build great casino games

Since founded in 2013, ELK Studios has pushed boundaries in the online casino industry. From groundbreaking mathematics to astonishing artwork, ELK takes pride in developing entertaining mobile first content that maximizes the experience for players around the world.

Our games are developed and complied by our inhouse studio in Sweden, and we use well known test centers such as Trisigma and Gaming Laboratories International to certify them. Once released, all games are operated by partners and operators who hold license in each market.
