DEAD MAN'S GOLD

LOST PIRATE GOLD

Kane got his hands on his ancestor's diary, the notorious pirate Long John Steal, who mentions the location of Tortuga, a hidden pirate colony home to old shipwrecks, unstable cannons, and bottomless chests of treasure!

Dead Man's Gold is a 6 reel, 4 row golden slot. It comes with big symbols, stacked wilds, expanding game grid, a progressive multiplier, a bonus game and a super bonus game, and a max potential of 25 000x bet.

X-iter™

X-iter™ allows players to jump straight into the action with 5 different game modes ranging from a 5x bet with a guaranteed big symbol, to a 500x bet super bonus with unlimited Cannonballs.

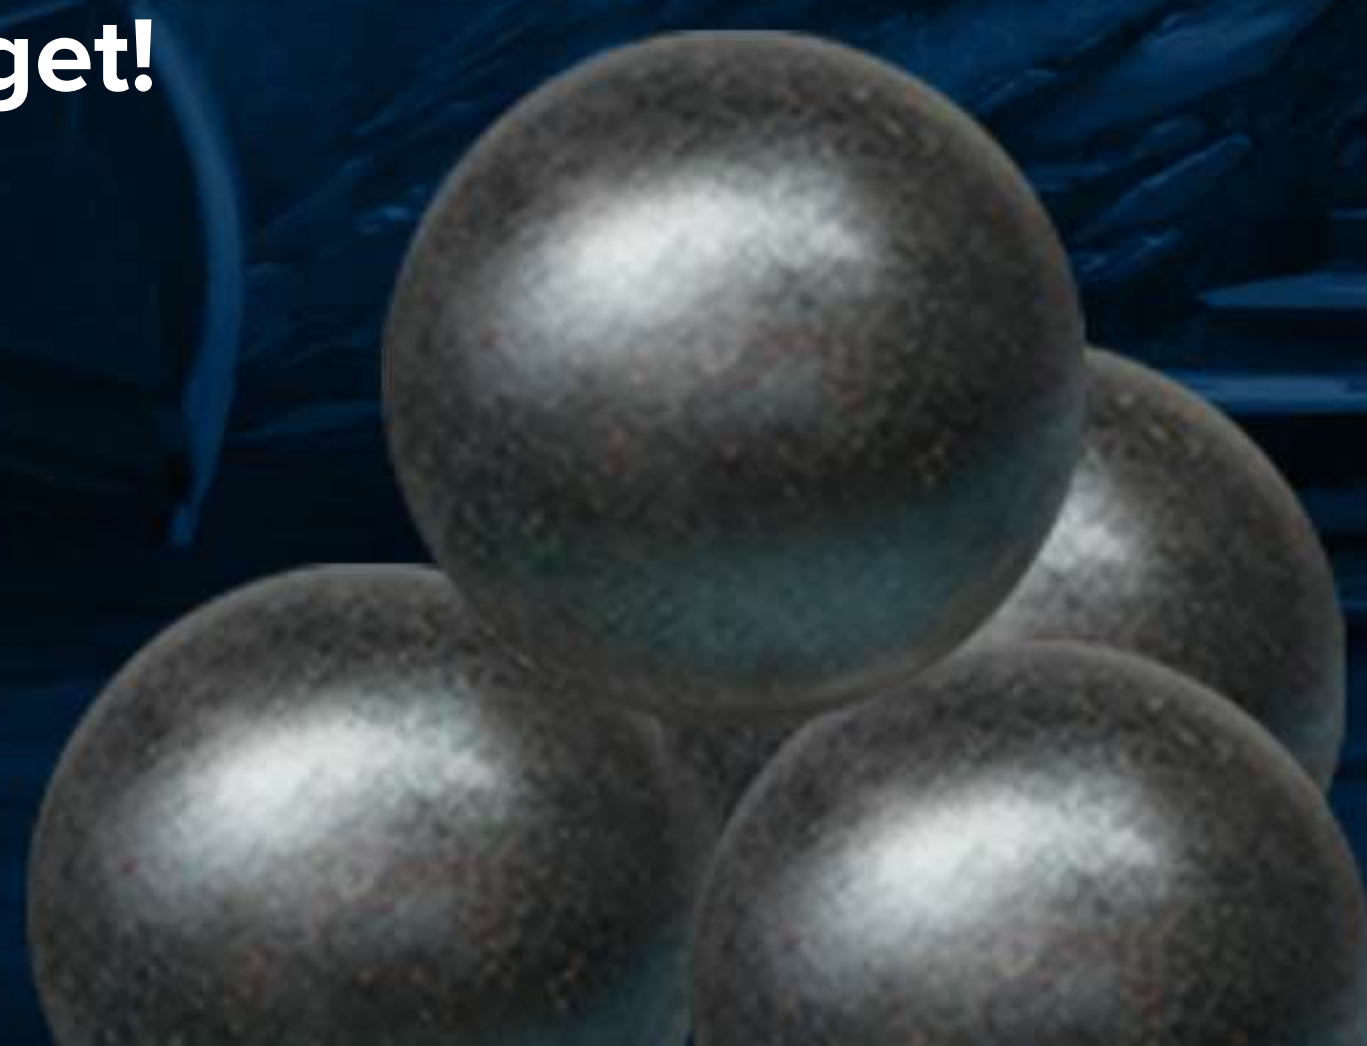

TREASURE TARGET

Treasure Targets shot by the Pirate's Cannons reveal hidden wild symbols and blow up non-winning symbols around it.

FIRE THE CANNONS!

Cannonballs drop in to activate the Pirate's Cannons. Cannons fire when they can target a Treasure Target!

MULTIPLIER TREASURE TARGET

The Multiplier Treasure Target reveals hidden wild symbols, blows up non-winning symbols around itself, and increases the persistent global multiplier.

BOTTOMLESS CHEST

The Bottomless Chest is a blocking symbol that generates and fills empty spaces in the same column with high-value, wild and cannonball symbols.

BONUS GAME

Three or more bonus symbols trigger the bonus game. The more bonus symbols, the more free drops. Treasure Targets, Multiplier Treasure Targets, and Bottomless chests are sticky during the bonus game.

Recommended size and ratio for desktop browsers

For the optimal gaming experience, ELK Studios recommend launching the game in 1600x900 resolution. If scaling is required, use 16:9 ratio.

Technology

ELK games uses state of the art web technologies including support for canvas and WebGL. The client detects the capabilities of the device regardless if the player is running on a desktop, tablet or mobile.

The game client will then optimize the gaming experience based on those parameters.

ELK Studios

We build great casino games

Since founded in 2013, ELK Studios has pushed boundaries in the online casino industry. From groundbreaking mathematics to astonishing artwork, ELK takes pride in developing entertaining mobile first content that maximizes the experience for players around the world.

Our games are developed and compiled by our inhouse studio in Sweden, and we use well known test centers such as Trisigma and Gaming Laboratories International to certify them. Once released, all games are operated by partners and operators who hold license in each market.
