

The Golden Shuriken

To prepare for the final battle, Gritty Kitty went back to the Nitropolis suburb Tokyotown in search for the weapon that could defeat Sgt. Nitro Wolf, the Golden Shuriken!

Gritty Kitty of Nitropolis is a 6 reel, 4 rows gritty slot. It comes with Nitro Reels, a Feature Reel, big symbols, expanding rows, an instant max win coin, a bonus game, and a super bonus game – all packed into a potential of 25,000x bet.

X-iter™

X-iter™ allows players to jump straight into the action with 5 different game modes ranging from a 3x bet with more than triple the chance to trigger the bonus to a 500x bet Assassin Bonus.

FEATURE REEL

The Feature Reel on top of the main grid is a 6 reel 3 row grid, with symbols that become active once they drop into the main grid.

NITRO REELS

Nitro Reels contain up to 12 1x1 payout symbols. Big Nitro Reels contain up to 6 2x2 payout symbols.

ASSASSIN SPINS

When the Assassin symbol covers the entire Feature Reel, the Assassin Spins are triggered. 3 spins are awarded. Landing coin symbols or Nitro reels resets the spin counter. The Golden Shuriken collects the value of all coins currently on the game grid.

MAX WIN

A max win coin covering the entire Feature Reel awards the max win of 25,000x the bet!

FREE DROPS

3 or more Bonus Symbols trigger the free spin Bonus game. All Nitro Reels and row expansions are persistent throughout the bonus game. The bonus game can retrigger.

Recommended size and ratio for desktop browsers

For the optimal gaming experience, ELK Studios recommend launching the game in 1600x900 resolution. If scaling is required, use 16:9 ratio.

Technology

ELK games uses state of the art web technologies including support for canvas and WebGL. The client detects the capabilities of the device regardless if the player is running on a desktop, tablet or mobile.

The game client will then optimize the gaming experience based on those parameters.

ELK Studios

We build great casino games

Since founded in 2013, ELK Studios has pushed boundaries in the online casino industry. From groundbreaking mathematics to astonishing artwork, ELK takes pride in developing entertaining mobile first content that maximizes the experience for players around the world.

Our games are developed and complied by our inhouse studio in Sweden, and we use well known test centers such as Trisigma and Gaming Laboratories International to certify them. Once released, all games are operated by partners and operators who hold license in each market.
