Multipliers

Big Symbols

Multipliers are created from big symbols. The multiplier value corresponds to the number of small symbols the big symbols covers.

Merging Symbols

Identical symbols that form a square of a rectangle merge together into a big symbol, adding to the global multiplier.

Redrops

Elmo Redrops

When Elmo drops in, he awards redrops and creates wilds as he walks.

Sticky Redrops

Awards redrops as long as additional matching symbols land. The feature pays out when no more additional symbols land.

Bonus Game

3 or more Bonus symbols trigger the free drops bonus game. The bonus game can be retriggered. Two Bonus symbols landing on top of each other upgrades all bonus symbols into Super Bonus symbols.
