

Bubble trouble

The ridge of Coral Creek has been untouched for a millenia, evolving its environment and inhabitants to enhanced hybrids with volatile features that could erupt by a single touch.

Oxygen is a 6x7 bubbly slot that comes with multipliers, symbol transformations, wilds, a bonus game as well as a super bonus game – all packed into a potential of 25,000x bet.

X-iter™

X-iter™ allows players to jump straight into the action with 5 different game modes ranging from a 3x bet with more than three times the chance to trigger the bonus to a 500x bet Super Bonus with a guaranteed persistent multiplier symbol.

Oxygen Bubbles

Every winning combination doubles the multiplier value on each of the winning symbol positions.

Collector

Collects all multiplier values in view. The collector can be persistent.

Dealer

Multiplies all multipliers in the direction of the radar. The dealer can be persistent.

X-Blaster Wild

A random payout symbol, or a wild is collected and replaces all payout symbols in an X-shape.

Exploding Wild

Removed all payout symbols within an X-shape above and below itself.

Bonus Game

Three bonus symbols trigger the free drop bonus game. All multiplier values are persistent throughout the bonus game.

Three bonus symbols and at least one persistent multiplier symbol trigger the Super Bonus.

Game data

Game: Oxygen

RTP: 94.0%

Volatility: 7 of 10

Max win: 25,000x bet

Hit frequency: 36.0%

Recommended size and ratio for desktop browsers

For the optimal gaming experience, ELK Studios recommend launching the game in 1600x900 resolution. If scaling is required, use 16:9 ratio.

Technology

ELK games uses state of the art web technologies including support for canvas and WebGL. The client detects the capabilities of the device regardless if the player is running on a desktop, tablet or mobile.

The game client will then optimize the gaming experience based on those parameters.

ELK Studios

We build great casino games

Since founded in 2013, ELK Studios has pushed boundaries in the online casino industry. From groundbreaking mathematics to astonishing artwork, ELK takes pride in developing entertaining mobile first content that maximizes the experience for players around the world.

Our games are developed and complied by our inhouse studio in Sweden, and we use well known test centers such as Trisigma and Gaming Laboratories International to certify them. Once released, all games are operated by partners and operators who hold license in each market.
