

## THE MOUNTAIN MINT

Deep within the mountain's core, beyond the treasure halls, an ancient Mint endures. Molten fire shapes endless coins as Ryze stands watch, guarding a wealth born of flame and stone. As the hoard grows, the mountain shifts, and the realm itself feels dangerously alive.

Ryze 2 is a 7 row, 5-to-6 column mischievous cluster slot that comes with Multiplier Wilds, coin wins, symbol and wild features, a Bonus and a Super Bonus, all packed into a max potential of 10 000x bet.

**X-iter™**

X-iter™ allows players to jump straight into the action with 5 different game modes ranging from a 2.5x bet with more than four times the chance to get the bonus, to a 500x bet Super bonus.

## ORB OVERLOAD

If all 6 Orbs are activated during a single game round, the Orb overload triggers up to 6 Orb powers.

## COINS

A winning cluster of at least 5 coins pays its total value, and leaves a coin with its combined total value. If adjacent to a Multiplier Wild, it pays the clusters total value times the Multiplier.

## ORB POWERS

There are 6 Orb Powers, that upgrade symbols, symbol transformation, spawn wilds, coins and increase multiplier values.

## MULTIPLIER WILD

A winning cluster of solely payout symbols creates a Multiplier Wild. Its multiplier increases for every win its part of, and merges when more than one is part of a win.

# BONUS

A Bonus or Super Bonus symbol that reaches the bottom of the grid triggers the Bonus or Super Bonus game. In the Super Bonus, each bonus drop starts with an Orb Overload. In the Bonus, Multiplier Wilds remain sticky.
