

SPARK OF LIFE

In a world shaped by the elements of Air, Nature, Fire, and Water, creatures roam freely. But when a mysterious fifth element appears; the Spark, everything begins to change. Its energy awakens new potential, causing creatures to evolve into powerful new forms.

Sparks of Creation is a 6x6 elemental slot that comes with the CollectR™ mechanic, an evolution meter, creature abilities, multipliers, a bonus, and a super bonus, all packed into a potential of 10 000x bet.

X-iter™

250 x	100 x	25 x	5 x	2.5 x

X-iter™ allows players to jump straight into the action with 5 different game modes ranging from a 2.5x bet with more than four times the chance to trigger the bonus, to a 250x bet super bonus.

EVOLUTION METER

The evolution meter fills up when collecting symbols. Once full, it upgrades a creature to a higher level, to a maximum of level 3, while pending its ability.

MULTIPLIER BUBBLES

The first time a symbol is collected, a multiplier bubble is created. Every time a symbol is collected on a position with a bubble, the multiplier value is increased.

CREATURE FEATURES

There are 4 creatures, all with their own abilities that upgrades multipliers, adds feature or payout symbols, or remove symbols. The creatures level impacts its strength of ability.

MULTIPLIER STRIKE

The multiplier strike feature can be triggered before any drop, and increases the multipliers on the grid.

Three bonus symbols collected by the creatures trigger the bonus game. If one of the bonus symbols is a super bonus symbol, the super bonus game is triggered. The progress on the evolution meter, creature levels and multiplier bubbles and values are all persistent during the bonus game.
