

# TROPICOOOL 3

## Frozen pyramids

Once again, the birds exhausted all resources on the island before jumping back onto their floating glacier mountain and drifting off to new exciting adventures. This time they traveled far and ended up back in ancient Egypt. Upon their arrival, a new ice age gripped the entire continent.

It comes with a COOL Reel, rolling symbols, different wilds, multipliers, symbol swaps, mystery symbols, a bonus game and a super bonus game - all packed into a potential 25,000x bet.

## COOL Reel

The COOL Reel consists of 3 levels. Winning combinations trigger a drop from the first level of the COOL Reel to the main grid.

## Avalanche

All symbols that are part of a win explode, leaving space for feature symbols to drop from the COOL Reel as well as for additional symbols. The cycle continues as long as new winning combinations appear.

## Elmo's Revenge

The Elmo symbol triggers a full drop of the entire COOL Reel when it reaches the leftmost column.

## Bonus Game

3 or more bonus symbols trigger the bonus game. The global multiplier is persistent throughout the bonus game.

Three or more bonus symbols in combination with the Elmo symbol trigger the super bonus game, in which Elmo is guaranteed in the main grid, and is sticky between the free drops.

## Recommended size and ratio for desktop browsers

For the optimal gaming experience, ELK Studios recommend launching the game in 1600x900 resolution. If scaling is required, use 16:9 ratio.

## Technology

ELK games uses state of the art web technologies including support for canvas and WebGL. The client detects the capabilities of the device regardless if the player is running on a desktop, tablet or mobile.

The game client will then optimize the gaming experience based on those parameters.
