

THE FINAL CHAPTER

The time has come for Kane to find the ultimate treasure! A treasure so valuable that in order to retrieve it, he must transcend human life. To find The Gold of Valhalla, Kane must pay the ultimate price!

Valhall Gold is a 6 reel, 4 rows godly slot. It comes with big symbols, sticky wilds, symbol upgrades, both ways, a bonus game, and a super bonus game - all packed into a potential of 25,000x bet.

X-iter™

X-iter™ allows players to jump straight into the action with 5 different game modes ranging from a 2x bet with more than double the chance to trigger the Bonus, to a 500x bet Super Bonus with Loki's inventory activated from start.

TRICKSTER LOKI

A Loki in view activates on any win, and triggers one of four features; Multiplier, Both Ways, Spike Storm or Axe Fury!

ALMIGHTY THOR

Thor is a 2x2 wild symbol that remains sticky during a single drop.

SPIKE SYMBOLS

Spike frames can appear around any paying or wild symbol. A spike symbol that is part of a win replicates itself in the direction of the spike. Win combinations with spike symbols may intersect multiple times resulting in additional evaluations.

ODIN'S RAVENS

2 or more Odin's Ravens turn them into wilds.

3 or more bonus symbols trigger the bonus game with safety levels. A win with Loki activates one of his features. The next win with the same Loki feature makes it sticky for the remaining free drops. Loki multipliers are additive.

Recommended size and ratio for desktop browsers

For the optimal gaming experience, ELK Studios recommend launching the game in 1600x900 resolution. If scaling is required, use 16:9 ratio.

Technology

ELK games uses state of the art web technologies including support for canvas and WebGL. The client detects the capabilities of the device regardless if the player is running on a desktop, tablet or mobile.

The game client will then optimize the gaming experience based on those parameters.

ELK Studios

We build great casino games

Since founded in 2013, ELK Studios has pushed boundaries in the online casino industry. From groundbreaking mathematics to astonishing artwork, ELK takes pride in developing entertaining mobile first content that maximizes the experience for players around the world.

Our games are developed and compiled by our inhouse studio in Sweden, and we use well known test centers such as Trisigma and Gaming Laboratories International to certify them. Once released, all games are operated by partners and operators who hold license in each market.
