

Delicious bricks

Colossal monsters emerge from the unknown, devouring cities like midnight snacks. Buildings crumble as each world becomes their glittering buffet. When they're done with one world, they lick their claws, arguing over who gets the next bite!

World Eaters is a 5 column, 5 row state-based munching slot that comes with world evolution, expanding game grid, coin wins, multiplier wilds, a bonus and a super bonus, all packed into a potential of 10,000x bet.

X-iter™

X-iter™ allows players to jump straight into the action with 5 different game modes ranging from a 3x bet with more than four times the chance to get the bonus, to a 500x bet Super bonus.

Collectors

Collectors collect their matching payout symbols and any feature symbols that have a clear path to the top row.

Piggy Bank

The Piggy Bank collects all coins remaining after all wins are paid out. The Piggy Bank can explode at any time, triggering a coin drop and symbol refill.

Worlds

There are a total of 5 worlds. Triggering each world's world feature 3 times unlocks the next world with a new feature.

Ultra Beast

In the bonus game, the UFO feature symbol triggers the Ultra Beast, that scares away all Collectors, and collects all payout symbols on the grid.

Bonus Game

3 bonus symbols on the game grid triggers the bonus game with 3 Super Drops. Landing an additional bonus symbols inside the bonus awards 1 Super drop.
